

MARMO

MARMO

In this new porcelain collection inspired by natural marble and characterized by a warm and unique feel, the original power of marble shines through with all its vitality.

The new series combines tradition, innovation and technical knowledge and is available in a wide variety of formats for many possible uses: 120x60, 60x60, 30x60 and 30x30, edge correction.

The latter three are also available in lap versions.

The tiles are available in six different colors, from traditional to modern, each faithfully mimicking the look of marble, as well as its delicate and never-boring tone.

MARMO is the perfect combination of the superior performance of porcelain and the elemental charm of natural marble, the perfect choice to add depth and refinement to any environment.
